

FOX ROTHSCHILD

LOCATION

Seattle, WA

INDUSTRY

Office

Fox Rothschild is a nationwide law firm with 950 attorneys in 28 offices throughout the US. Working closely with Fox Rothschild's local RE & Construction Team, Avara participated in a comprehensive RFP process, and was ultimately selected based on our project involvement, thorough pre-con, and detailed construction scheduling.

The project consisted of 50 Private Attorney Offices with glass fronts, numerous Conference Rooms, and multiple Touchdown areas. Along with two Café's, gathering areas, Library reception area, and customized elevator vestibule. The new space needed to support multiple meeting types such as internal, client, and outside/remote counsel. Significant MEP upgrades were a large part of the construction process and coordination with Safeco Plaza.
